Royal, Nebraska, March 9, 1942.

Gentlemen, — Your letter of March 6 reached me this morning. I am a botanical collector, but issue no catalog except to solicit trade in writing as such collector. I have on hand seeds of many wild plants gathered in the year indicated and if you or anyone in the U. S. A. is interested therein shall be glad to furnish them for herbarium or other scientific purpose. Seeds have been well kept, but are never guaranteed (over)

BUREAU OF PLANT INDUSTRY
Fruit and Vegetable Crops and Diseases

8-3591

as to viability or in any other way. - Lists of local plants with what are generally blooming dates for this locality for anyone year 1924-1940 could had at \$1.00 each list in either English or Latin postpaid. The lists are either well written or carbon copied and contain generally about 200 or 300 local plants.

Seeds that I have on hand now are 1939 *Yucca glauca*, 1 lb @ 2.00 dollars per lb, 15¢ oz

1938 *Polanisia trachysperma*, 3 lbs @ 10¢ oz

1938 *Amorpha canescens* (pods) 24 oz @ 10¢ oz

1940 (?) *Sromocia leptophylla*, 2 lbs @ 10¢ oz

1939 *Lathyrus ornatus*, 4 oz @ 5¢ dram

1941 *Quercus macrocarpa*, 3 lbs @ 10¢ for 10 acorns

1941 *Celtis occidentalis* (drupes) 3 lbs @ 10¢ oz and many others.

Please send check, moneyorder, or 3¢ U.S.A. postage stamps for whatever you wish and upon receipt thereof the goods will be sent to you postpaid. Correspondence and inquiries concerning the local flora are always welcome if from the U.S.A. and will be answered gladly, gratis, and freely.
